

Direction Survey Training: Simplified and Effective Survey Development

Protect Connect Educate Solutions is proud to partner with **Direction Survey** to offer school administrators across the Country a unique training opportunity. Direction Survey has revolutionized how schools are able to measure **school climate** and **student engagement**. Direction Survey has been developed to simplify the Action Plan process, strengthen PBIS plans, and lessen the workload for school administrators responsible for gathering data.

Training Series

Cost: FREE w/ Purchase of Direction Survey

- 1 year Direction Survey Subscription = \$295

Includes:

- Up to 2 staff members from a school site
- Unlimited access to online Survey Development, Activities, Resources, and Data Reports
- All handouts, user guides and online access
- Phone and email support

Upon Completion of the Training:

- Identify significant disproportionate data using online reports
- Tailor survey development to meet the local needs of the school community you serve
- Use planning tools to accurately address Local Control Accountability Planning needs based on data analytics
- Cross analyze comparison data to local, regional, state, and national norms
- Immediate comparison analysis of student subgroups and their school experiences
